### Blues Duo

#### Rishell and Raines To Play Mattapoisett

The award winning blues duo of Paul Rishell and Annie Raines will bring their fiery brand of roots music to the area on Friday, June 25 for the Red, White and Blues concert in Mattapoisett Congregational Church's Reynard Hall. The show begins at 8:00 pm.

Winners of the 2000 W.C. Handy Award for Best Acoustic Blues Album, Rishell and Raines display incredible versatility and the ability to write and rearrange Country Blues with a contemporary sensibility and a timeless feel. For the Red, White and Blues show, the duo will stomp, croon, pick, and wail their way across time and place, with delicate ragtime pieces, soul-drenched Delta moans, and the smokestack lightning of Chicago Blues.

Steel guitarist Rishell, who played with the legendary Son House and Howlin' Wolf, is a master of the intricate and rhythmic fingerpicking styles of Blind Lemon Jefferson and Robert Johnson. Raines, a harmonica virtuoso often regarded as the world's best female blues harp player, plays in the styles of Muddy Waters and Sonny Boy Williamson. She has recorded with the likes of Ronnie Earl and Pinetop Perkins as well as with former band-mate Susan Tedeschi.

The pair's critically acclaimed third album, *Goin' Home* was released last year on Tone-Cool records.

Tickets for Paul Rishell and Annie Raines are available now at The Symphony Music Shop, 94 State Road, North Dartmouth (508-996-3301), or at the Mattapoisett Congregational Church office, Tuesday through Friday, 9:00 am to 12:00 noon. Tickets are \$15 and

tables for four can be reserved for \$60. The doors will open at 6:30 pm and food and refreshments will be sold prior to the event. The Red, White and Blues concert is part of Mattapoisett Congregational Church's occasional "Music at the Congo Club" series. All proceeds go to benefit the church and its various missions throughout the community.

Reynard Hall is located on Church Street in Mattapoisett's village adjacent to the Congregational Church.

program created in union by the Massachusetts Harbormaster's Association, the Municipal Police Training Committee, and the Massachusetts Maritime Academy (MMA). Support of the program is also offered by many local law enforcement agencies.

The program is completely voluntary at this time, and Mr. Field was the first from Mattapoisett to take the course. Classes were held January thru May, five days a week. The curriculum of 360 hours in length combined both Law Enforcement and Maritime Training, the purpose being to train Harbormasters to effectively be the eyes and ears of local waterways. Upon completion of the course, the graduates achieved certification by the Commonwealth of Massachusetts as Harbormasters.

Graduation took place on Saturday, June 5 at the Massachusetts Maritime Academy. Eighteen harbormasters from various Massachusetts townships graduated the Academy, the school's fifth graduating class. Guest speakers included Bourne Police Chief John A. Ford Jr.; Paul Milone, President of the Massachusetts Harbormasters Association; and David Fronzuto, President of the Cape and Islands Harbormasters Association.

The family and friends of Horace F. Field III are all very proud of his achievements and dedication to make Mattapoisett a better place. They additionally thank the Mattapoisett Board of Selectmen for showing their support and attending the graduation ceremony.

Chairman Pierce returned to the meeting and the board next unanimously voted to appoint Robert R. Martin as Assistant to the Harbormaster to help with the busy boating summer season.

At 7:05 pm the board met with Police Chief Lincoln Miller and Sergeant John B. Garcia who is being recommended for promotion to the position of Lieutenant, as "second in command," according to Chief Miller.

"It is a non-union position ... the position was posted for the three existing sergeants and (Mr.) Garcia was the only one who applied," Chief Miller said. "There are no new positions being created as a result of this (promotion)."

with (Mr. Garcia) and I've observed him to be a thoroughly efficient and knowledgeable guy ... he's a credit to himself and the Marion Police Department," Selectman Henry said.

With that, the board unanimously voted to appoint Sergeant Garcia to the position of Lieutenant as recommended.

Chairman Pierce next noted that after discussing setting policies and procedures for Selectmen's meetings at their last meeting, he has since reconsidered the allowance of public questions and inquiries.

"Of course, we are a public hearing ... and I think (the procedure) that we're *not* going to entertain comments from the public under any circumstances is a little strong," he said. "Not only am I open for questions and comments at appropriate times during the meeting, but there are opportunities for public input at the end of the meeting."

"It's a public *meeting*, not a public *hearing*," Selectman Jeffrey clarified.

"If there are questions which come up (during the meeting), they may be addressed (at the chairman's discretion)," Chairman Pierce said.

With that, the board unanimously approved the previously drafted policies and procedures for the running of Selectmen's meetings, with that one addendum.

The board spent the remainder of the meeting discussing Selectman Henry's "talking points" which he drafted on May 18, 2004. He views these initiatives as

potential ways to help offset the tax rate and affect "savings in town government," he said.

"I'm coming from the standpoint that we really need to make reductions where we can ... in order to make room for the up-and-coming projects," Selectman Henry said. "A lot of people are retired or at entry level (salaries), and these increasing taxes are forcing them to move out of Marion. I felt compelled to look at the town operation as I see it and see where some savings can be made or additional contributions can be brought in."

Among Selectman Henry's key suggestions and recommendations:

- Establishing enterprise funds for such departments and capital items as harbor operation, purchase of a new Harbormaster's boat, and charging fees for ambulance runs.

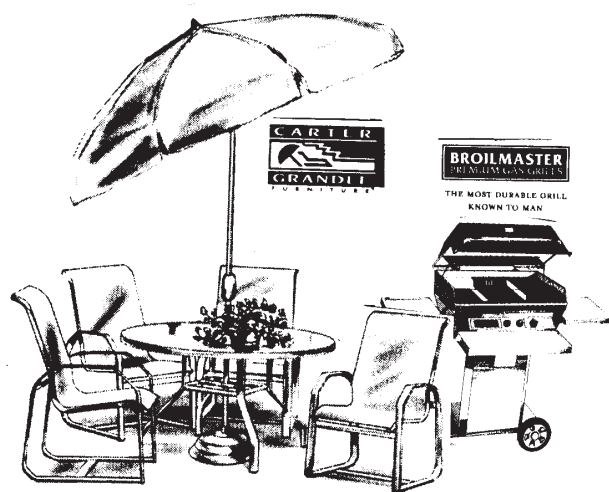

"If we enterprise as many things as we can, it makes them self-sustaining," he said. "Certainly in the case of the harbor, the fees are pretty well-established and have been in place for years. The ambulance is a new idea ... in a word, virtually all insurance plans do cover ambulance service. We are just about the only community in the area that still does not charge for ambulance service. With about 300 runs a year, I believe we should be going after the fees."

- Looking to non-profit organizations and institutions such as Tabor Academy to contribute to town services with payments in lieu of taxes.

"It's customary in a number of communities where there are large schools or other non-profit organizations to negotiate fees in lieu of taxes," Selectman Henry said. "My proposal is (we) go to the Trustees of Tabor Academy and request a fee payment in lieu of taxes. I know this is a politically-sensitive type of thing, but I think we could begin negotiations with Tabor at some point in the future for voluntary contributions."

"Tabor has been here for a long time ... I think it

should be done judiciously, if you will," Selectman Jeffrey said.

• Look into offering buyouts and early retirement options for employees in the school system and public safety sector.

"In the state, teachers were given the option to buyout an early retirement," Selectman Henry said. "There are a number of people in the school system who could take advantage of it. Same thing in the public safety."

"First of all, (this would fall under) the school committee," Selectman Jeffrey said. "I think for us to try and do it as a town would be very expensive. It sounds good, I'm not so sure how realistic it is."

• *Regionalize and consolidate all inspection services on a tri-town basis.*

"I've often wondered why the communities in the tri-town area all have individual inspection services," Selectman Henry said. "Given the modest workload, do we really need three gas inspectors, three plumbing inspectors, and three electrical inspectors?"

"With respect to building inspectors, I think they'd be committed to their (own) towns," Mr. Dolan said, "but I think regionalization is a good thing."

• *Restrict the use of town vehicles for town-related business.*

"I'm proposing that only those people who absolutely have to have a town vehicle ... be allowed to use them," Selectman Henry said. "I see people with town-owned vehicles (outside) Marion. I think we should curtail the use of town vehicles immediately. I know of no other situation where employers provide transportation."

"It's not that these things shouldn't be looked at, it's the ramifications of (making wholesale changes)," Selectman Jeffrey cautioned. "I think it's important that (Mr. Dolan) and (DPW Superintendent) Rob Zora look into this first."

• *Consolidate the Emergency Medical Services (EMS) department with the Marion Fire Department.*

"This does not reflect, in any way, on the delivery services of the Marion EMS," Selectman Henry said. "But perhaps looking for ways to streamline (services). A great many Fire Departments run EMS."

"Of all (your suggestions), I would say that this is one I would tread extremely lightly on," Selectman Jeffrey said. "I know for a fact they want to stay separate. There's not much to be gained financially and it works well as it is. I suggest we leave well enough alone for the time being."

"I think we'd all like to support innovative

approaches (to government)," Chairman Pierce said. "We will do what we can to move forward."

"We all have good ideas when we first (get) here, but it's a learning process," Selectman Jeffrey added.

In other matters, the board:

- Noted that Dr. Richard Kemp has been nominated as the Chairman of the Finance Committee (FinCom), taking over for longtime Chairman A. Lee Hayes, who will now assume an associate's position with the FinCom.

"I think (Mr. Hayes) is a true public servant and he will be missed in this position," Selectman Jeffrey said.

- Reiterated that despite concerns expressed by members of the Marion Police Brotherhood over the planned July 4 Fireworks Display this year, they are moving forward with the annual tradition.

There being no further matters to come before the board, they unanimously voted to adjourn for the evening at 8:50 pm. The board's next regular meeting will be held on Tuesday, June 29 at 7:00 pm.

Meeting. Also present were Selectman Richard Nunes, Selectman Bradford Morse, and Town Administrator James Huntoon. Administrative Assistant Veronica Lafreniere was not present for the meeting.

The board opened a pole hearing at 6:45 pm to place four jointly-owned poles on Bowen's Lane upon a petition from Verizon. There being no one present in opposition, the board unanimously voted to approve the pole locations are requested.

Under the Town Administrator's report, Mr. Huntoon noted there was about \$1,100 left in the town's comp time account. "Rather than having the staff take time off (at this point), we'll just wipe our slate clean starting the first of the year," Mr. Huntoon said. "We'll start the first of the fiscal year without any comp time."

Under correspondence, the board received:

- Payment from SEMASS in lieu of taxes in the amount of \$246,696 representing 90,697 tons of trash collected during the month of May 2004.
- Letter from MassHighway regarding the possible purchase of fuel through their remote sites within

### INTESTINAL PARASITES

*My vet told me that my dog has whipworms. I never saw any worms in his stool. Where did he get these worms and are they dangerous?*

Ultimately your dog got roundworms, hookworms or whipworms from ingesting worm eggs that were present in the stool of another dog or in the case of roundworms he may have gotten his infection from his mother. Over a period of time a dog's stool disintegrates in the environment leaving resistant worm eggs in the dirt. When your dog sniffs the dirt he may inhale and swallow some eggs or he may become infected by walking on the eggs and then licking his feet. Tapeworms tend to be transmitted by eating uncooked affected meat but most commonly are spread by fleas. Roundworms look like spaghetti, tapeworms look like rice and hook and whipworms are very small and not usually seen.

Roundworms, hookworms and tapeworms can cause disease in people, especially very young or old people and therefore it is important to have your pets stool checked at least once a year by your veterinarian.

the state. "It's close to \$1.76 per gallon," Selectman Morse said. "It's just an option ... (for us) to consider." The board agreed to get the input from various department heads regarding the potential purchase of fuel through MassHighway.

• Request to release property located on Neck Road from a Chapter 61A conservation restriction currently owned by the Neck Road Nominee Trust.

"Evidently the lines of communication have been crossed," Chairman Laboa said. "Therefore the procedure of running the land through the (Rochester Land Trust) and the town's right of first refusal have been circumvented somewhat. The trust was in communication with the Board of Assessors regarding back taxes ... (but) the Land Trust was not notified."

"I think we should still send a letter to (the Rochester Land Trust) as a courtesy to see what they want to do with it," Selectman Nunes said.

But the other board members seemed to concur that at this late date it wasn't fair to further holdup the property owners for the error.

"Since the procedure wasn't followed, I don't see any reason for holding the applicants responsible," Chairman Laboa said. With that, the board unanimously voted to release the property from the restriction as requested.

Under Old Business, the board revisited the Benner fuel storage permit issue and decided that given the recent questions over the legality of charging an administrative fee and based upon the fact that only two underground propane storage tank permits had been filed in Rochester, they would eliminate all administrative fees for underground propane tanks in Rochester.

There being no further matters to come before the board, they unanimously voted to recess at 7:10 pm until the Annual Town Meeting at 7:30 pm.

### **Rochester Annual Town Meeting**

*June 7, 2004*

**By Kenneth J. Souza**

The Annual Town Meeting for the Town of Rochester was convened on Monday, June 7 at 7:30 pm at Rochester's Memorial School by Town Moderator Greenwood Hartley having noted the presence of a quorum. After a Salute to the Flag and a moment of silence for both Town Meeting members departed and former President Ronald Reagan, Mr. Hartley introduced Roxanne Costa who presented two scholarships to Rochester students graduating from ORR High School. The first \$500 scholarship went to Samuel LeFavor and another \$250 scholarship was awarded to Elise Zablosky.

Selectman Gary Laboa then recognized former Selectman Patricia Ryan to whom the 2003 Annual Town Report has been dedicated.

Under the single-article Special Town Meeting warrant, voters were asked to transfer a total \$32,929.46 from the Reserve Fund to cover supplemental budget items under the current fiscal year. These items included: Elections (\$1,000); \$3,585 (Gas/Plumbing Inspector Services); \$100 (Gas/Plumbing Inspector Expenses); \$4,800 (Wiring Inspector Services); \$8,500 (Communications Center Salaries/Wages); \$11,281.13 (Snow/Ice Removal Salaries/Wages); and \$3,663.33 (Snow/Ice Removal Expenses). Voters unanimously approved the Special Town Meeting article.

Continuing with the Annual Town Meeting, Mr. Hartley introduced Finance Committee (FinCom) Chairman Michael Costa who presented voters with an overview of the town's financial picture. Mr. Costa noted the town's total operating budget for FY 2005 is expected to reach \$12.9 million — 63.1 percent of which will fund education. Comparing 2004 with 2005, the bulk of the

increases are due to education and so-called "fixed costs" which include insurance and benefits.

Going into this Town Meeting, Mr. Costa noted the town has \$798,000 available in Free Cash. "We're proposing that those funds be spent to balance the operating budget — about \$519,000 — and transfer the rest into the Stabilization Fund ... and that will exhaust the Free Cash that we have," he said.

Under **ARTICLE 1**, voters were asked to accept the town report of all town officers and committees, which passed via unanimous vote.

Under **ARTICLE 2**, voters were asked to set the salaries of elected town officials for FY 2005 as follows: Moderator Annual Town Meeting (\$100); Moderator Special Town Meeting (\$50); Board of Selectmen Chairman (\$4,236); Board of Selectmen Members (\$3,233); Board of Assessors (\$7,803); Board of Assessors Assessment Administrator (\$15/hour); Town Treasurer (\$18,025); Tax Collector (\$18,025); Town Clerk (\$18,025); Tree Warden (\$556); Constables (\$7.81/hour); Highway Surveyor (\$55,210); Board of Health Chairman (\$1,673); Board of

Health Members (\$1,395); Herring Inspector (\$353).

Town Clerk Naida Parker moved to amend the amounts for Town Treasurer, Tax Collector and Town Clerk to \$19,000 each. "Every year the FinCom has been willing to give elected officials a three-percent increase, but the gap between what elected officials are earning and (other department heads) is getting larger and larger," she said. "As the town grows, the responsibility on the Clerk, Treasurer and Collector also grows. I would hope that the town would recognize that the three of us aren't working as boards (and) are working as part-time people."

"Unfortunately we have to deal with a lot of increases tonight and I think we have to go by the FinCom's recommendations," countered resident Melinda Kershaw.

The motion to amend Article 1 failed and the original article, as proposed, passed via unanimous vote.

Taking **ARTICLE 11** out of order, voters were asked to consider an amendment to the Personnel By-Laws and Classification/Compensation Plan. Selectman Laboa moved to amend the compensation plan to reflect a three-percent cost of living adjustment (COLA) instead of the proposed two percent.

"I'd just like to comment on the difference between the two groups," said former Selectman Patricia Ryan. "Police and teachers all get a percentage increase (every year). To try and penalize the town employees because they get step increases is an unfair way to treat the people you deal with directly."

But the FinCom didn't support the three-percent hike. "In our role we believe our fiduciary responsibility is to safeguard the (finances) of the town," Mr. Costa said. "We felt a two-percent increase was warranted, given the inflation rate. The difference is \$10,514 in additional cost if we vote the three-percent increase."

With that, the motion to amend failed and the original article, requesting a two-percent COLA, passed via majority vote.

Under **ARTICLE 3**, voters were asked to consider a total \$12.85 million general operating budget for FY 2005. After questioning select line items — all of which passed as proposed — the complete operating budget was approved via unanimous vote.

Under **ARTICLE 4**, voters were asked to appropriate \$94,000 to cover the cost of two additional classrooms and supplies, including teachers' wages, for Rochester's Memorial School. "As of today we know of 18 new students entering Memorial School in the fall," said School Committee member Carolyn Pruchnik. "If this doesn't pass, we'll have two large second grade (classes)."

"Since these are new positions, we felt this was an appropriate item to put before voters," said FinCom Chairman Michael Costa. "Either we need to increase the class sizes in our schools, or we need to cut the budget somewhere else to make up for that. There's a fixed amount the town can take on. If you vote for this, then these two classrooms will have teachers and supplies."

prepared," noted Town Counsel Daniel Perry. "It's perfectly appropriate for the School Committee or FinCom to decide that's where the money will go ... but you can't place restrictions on the appropriation (in the article)."

After amending the article to reflect Mr. Perry's recommendation, the measure passed via majority vote.

Under **ARTICLE 5**, voters were asked to appropriate \$38,059 to fund a building maintenance position under the Highway Department to oversee all town-owned buildings. Article 5 passed via unanimous vote, and Mr. Hartley noted that both overrides under Articles 4 and 5 will now have to pass on the June 23 Special Election Ballot.

Under **ARTICLE 6**, voters were asked to appropriate a total \$310,000 to fund the following capital expenditures: \$35,000 for Town Hall Building Repairs; \$10,000 to purchase five laptop computers for the Police Department; \$100,000 for road repairs; \$115,000 to purchase a sweeper for the Highway Department; and \$50,000 for building repairs to the library. The article carried via unanimous vote.

Under **ARTICLE 7**, voters were asked to fund a total \$1,471 for the following natural resources expenses: \$300 for the planting of shellfish in Marion; \$300 for Silvershell Beach in Marion; \$300 for the Tri-Town River Commission; and \$571 for the Buzzards Bay Action Committee (BBAC). The article carried via unanimous vote.

Under **ARTICLE 8**, voters were asked to transfer \$2,000 from Free Cash to support the New Bedford Women's Shelter, which carried unanimously.

Under **ARTICLE 9**, voters were asked to authorize revolving funds for certain departments during FY 2005 under state law. "This is an article we are required to approve at each Annual Town Meeting," Mr. Costa said. "The only change (is) the Rochester Country Fair was increased from \$20,000 to \$30,000." The article carried unanimously.

Under **ARTICLE 10**, voters were asked to appropriate \$30,000 to complete construction of a recreational building at the Dexter Lane ballfield. "We tried to do the architectural (plans) in-house, but we found we needed to go through a (professional)," said Park Commissioner Steve Grenier. "The lowest bid was \$99,600 ... with the money we have left over from last year's article, we need another \$30,000 to finish."

However, neither the FinCom nor Board of Selectmen recommended the article.

support this article was because of the timing," Selectman Laboa said. "Without the option of planning for this \$30,000, we decided we couldn't support it at this time."

But Selectman Nunes said the low bidder was a person from town who had committed to helping get the project done. "This project is a reasonable project and the \$76,000 is there and I wouldn't want to see it get diverted or transferred to other projects," he said. "The \$30,000 is a lot of money but will it ever be cheaper in the future?"

With that, article 10 passed via majority vote.

Town Meeting voters also:

- Amended the Personnel By-Laws with regard to rate increases and employee evaluations (**ARTICLE 12**);
- Tabled a proposed amendment of the Personnel By-Laws regarding sick leave and personal leave (**ARTICLE 13**);
- Amended the health/life insurance benefits for on-call firefighters (**ARTICLE 14**);
- Transferred \$26,084.75 from the June 5, 2000 Annual Town Meeting to the October 6, 2003 Special Town Meeting to cover costs of expanding the Highway Barn (**ARTICLE 15**);
- Transferred \$125,000 from the Stabilization Fund to purchase a conservation restriction on approximately 164 acres of land off Rounseville Road (**ARTICLE 16**);
- Tabled a proposal to place 12.42 acres of land in Bog View Estates under a perpetual restriction (**ARTICLE 17**);

## *Mattapoisett Community Tennis*

On Wednesday, June 16 at 7:00 pm, a meeting of the Mattapoisett Community Tennis Association will be held at the Mattapoisett Town Hall to address important business. Another important area to discuss is the proposed reconstruction/rebuilding of the three new Hammond Street (Center School) courts.

All members are urged to attend as well as other interested parties to lend support, ideas, and enthusiasm to this lively volunteer organization.

Hand-outs will be available for lessons and play — children, adults and seniors. Remember: the meeting will be held on Wednesday, June 16 at 7:00 pm in the Mattapoisett Town Hall. Questions or unrealized tennis interest? Please call Carol Herndon at 508-758-4218.

# LOOSE DENTURES?

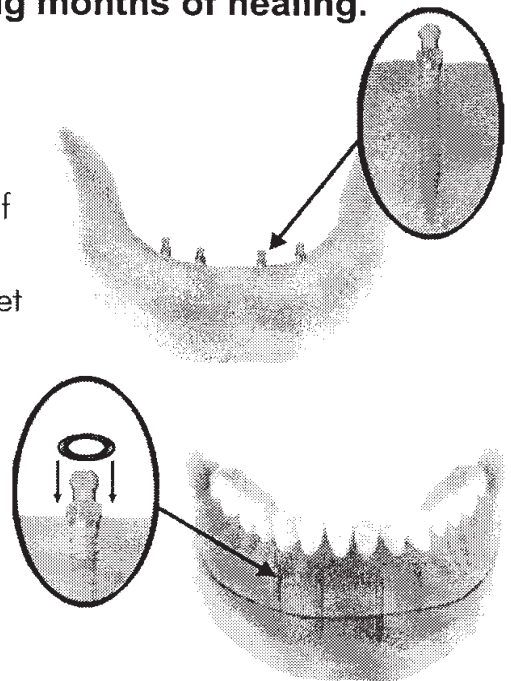

Now you can  
have what you crave!

**With the MDI Implant System technology  
you can enjoy secure eating comfort again.**

**In one short procedure you can have a stable denture with  
no surgical sutures nor the typical long months of healing.**

## **What are MDI Implants?**

The MDI System consist of a miniature titanium implant that acts like the root of your tooth and the retaining fixture that is incorporated into the base of your denture. The head of the implant is shaped like a ball, and the retaining fixture acts like a socket that contains a rubber O-ring. The O-ring snaps over the ball when the denture is seated and holds the denture at a predetermined level of force. When seated, the denture gently rests on the gum tissue. The implant fixtures allow for micro-mobility while withstanding natural lifting forces.

### **Buzzards Bay Regatta**

With over 400 boats, the **Buzzards Bay Regatta**  
(BBR) is the largest multi-class regatta in the United  
States. Registrations are already coming in from as far  
away as California, Illinois and Canada. What attracts  
these racers from distant waters?

"I believe it's what the BBR is famous for: chal-  
lenging conditions, Olympic level race management,  
serious competition and, of course, the post-race camara-  
derie" said Ray Cullum, Chairman of BBR 2004. The  
three-day regatta will take place **August 6, 7 and 8** at the  
**Beverly Yacht Club in Marion.**

World and National Champions routinely com-  
pete in their classes which making winning at BBR a  
major triumph. PHRF fleets are extremely competitive,  
too, with over 50 large boats fighting for line honors.  
Typically, class championships run in tandem with the  
BBR and this year is no exception. The Shields class will  
hold its New England Championship. A large J/105 fleet  
will be preparing for their upcoming North America  
Championship which will be at the Beverly Yacht Club in

September. And there may be a one design fleet for the new J/109 given its success and popularity.

The diversity of the racing across the bay is astonishing. This year twelve classes will compete. Racing outside Sippican Harbor will be J/22, J/24, J/105, Shields, Club 420, Vanguard 15, I210, PHRF Race, PHRF Cruise and Multi-hulls. The two Laser classes will race out of the Community Boating Center of New Bedford directly off Fort Taber which is one of the best sites for racing small boats in all of New England. All racers are encouraged to register as soon as possible at [www.buzzardsbayregatta.com](http://www.buzzardsbayregatta.com).

New for 2004 will be Sponsor Displays following the racing on Friday afternoon. Representatives from many of the following companies will be on hand to feature new product offerings and answer questions. This year's sponsors are Harding Sails; West Marine; Mount Gay Rum; Layline.com; Ocean Navigator; Team One Newport; Newport International Boat Show; New England Ropes and Vanguard Sailboats.

The four sponsoring yacht clubs, which are New Bedford, Mattapoisett and Low Tide along with hosts Beverly Yacht Club and Community Boating Center, contribute time and energy to ensure BBR is a success. "I feel honored and proud to be chairman of this all-volunteer organization," Ray Cullum said. "We have attuned sailing veterans that know how to run a world-class regatta." There number of people involved is quite large — 29 committee heads and over 200 volunteers during the three-day event. Anyone wishing to get involved is welcome to contact BBR at [info@buzzardsbayregatta.com](mailto:info@buzzardsbayregatta.com).

## Letters to the Editor

### To the Editor:

I was honored to be the principal speaker for  
Mattapoisett's Memorial Day observances on Monday, May 31,  
2004. In my comments, I tried to make the significance of  
Memorial Day more personal by listing and briefly commenting  
on 17 people from Mattapoisett who had died or been killed  
defending our freedom. I also made what I believed to be a true  
statement that no Mattapoisett resident had been killed since  
Florence Eastman in World War I.

I was wrong. Two men from Mattapoisett lost their  
lives fighting for our freedom in World War II: Sergeant Robert  
T. Atsatt and PFC Allen H. Bowman.

Sergeant Atsatt was a member of the US Army Air  
Corps 5th Bomber Group (Heavy), Headquarters Squadron. He  
was killed in action in the Central Pacific Ocean on April 23,  
1944. He is identified as "Buried at Sea" on a memorial at the  
Manila (Philippines) American Cemetery. Mattapoisett has also  
erected a monument in his memory at the intersection of Route 6  
and Church Street.

PFC Bowman, US Army, died on June 29, 1944 of  
wounds previously sustained. He died in Northern France 23  
days after D-Day, but I have been unable to identify his unit or  
gravesite. Mattapoisett's monument erected in his memory is at  
the intersection of Route 6 and Aucoot Road.

I sincerely apologize to the Atsatt and Bowman families  
for my error at the Memorial Day Ceremony. I would point out  
that the American Legion Post *does* honor the memory of these

Girls' Nation to be held in Washington, DC in July.

Three members of the Class of 2005 at ORR High School will also be attending the Boys' State Convention sponsored by the American Legion from June 12 to 18, 2004 at Stonehill College in North Eaton, MA. The Mattapoisett Lions Club will sponsor **Edward Bentz**. **Vrushank Patel** will be sponsored by Attorney Lawrence DiCara, and the George White Fund will sponsor **Adam Patisteas**. The Florence Eastman Post 280 of the American Legion will co-sponsor all three delegates.

To be eligible for Boys' State, a student must be a member of the junior class who has been successful academically. Delegates must also show evidence of leadership ability and an interest in the democratic process. At the convention, delegates will establish and operate state government in miniature. This will include forming two political parties, holding conventions, nominating candidates, conducting campaigns, and electing officials. The primary goal of Boys' State is a better understanding of how state government functions.

### COA Director Retires

The Mattapoisett Council on Aging (COA) has reluctantly accepted the notice of retirement from COA Director Cynthia Page, effective as of May 21, 2004. It is the desire of the COA to keep the Senior Center open for scheduled activities and to maintain van services, even as it seeks to find an Interim Director. This will be mainly accomplished through volunteer work by COA members. In the longer term the COA will prepare for hiring a new director and moving into the new facility at Center School when it is ready for use. It is the COA's hope that disruptions in services to the senior citizens of Mattapoisett will be minimal during the next few weeks, but it asks for the cooperation and understanding of all concerned as volunteers "learn the ropes." Questions may be addressed to Council Chairman Chuck McCullough at 508-758-4106 or Town Administrator Mike Botelho at the Mattapoisett Town Hall.

### Chick Band Returns

That popular all-girl group, Gypsy LaZizza's Chick Band, will give two special concerts at the Marion Art Center on Saturday, June 12 and Sunday, June 13 at 8:00 pm. The members of the band originally met through the Marion Art Center and have played many venues in the past three years. They felt their concerts, "Goin' South," to say goodbye to Elaine, would be most meaningful at the Center. Nancy Sparklin, keyboard and vocalist; Sheila Furtado, guitar and vocals; Beverly

#### **Two-Person Exhibit**

A two-person exhibition is now on display at the Marion Art Center featuring artists Jane Crotty and Sylvia Carlos Slattery. The two women are lifelong friends and share a common interest in art. They pursued their studies and both chose watercolor as their favorite medium.

Sylvia Carlos Slattery lives in Mattapoisett and studied at Massachusetts College of Art where she received a BS degree in education. She later studied fashion illustration at Swain School of Design in New Bedford. She served as art instructor at the Wethersfield Art League in Connecticut and as Supervisor of Art in the Newington Public Schools. She has studied with Carl Henry and Glo Sessions. She has had exhibitions in Connecticut and Massachusetts.

Jane Crotty resides in Dennis, MA. After studying graphic art in Hartford and working in the advertising departments of several major stores, Jane's first watercolor classes and workshops were with Carl Schmalz in Kennebunkport, ME. His teaching was based on the lessons of Elliott O'Hara, and watercolor became Jane's medium. As a member of the Connecticut Watercolor

# MOVIE REVIEW

## The King and I

By Rob Gonsalves  
<http://robsreviews.cjb.net>

**Bubba Ho-Tep.** Starring Bruce Campbell and Ossie Davis. Directed by Don Coscarelli. Running time: 92 minutes. MPAA rating: R. Now available on home video.

Here's a movie in which a geezer who may or may not be Elvis and an old black man who says he's John F. Kennedy team up against a mummy who's been stealing the souls of rest-home patients out of their hindquarters. Yet the film's director Don Coscarelli can refer to it as "a serious drama," and you see what he means. *Bubba Ho-Tep*, a ready-made cult film if ever there was one, has been a grassroots sensation, selling out festivals and now, on DVD, flying off store shelves. Why? Because Coscarelli, mainly known for his 1979 horror oddity (and classic) *Phantasm* and its sequels, is at home with the weird and sees no need to emphasize it. The premise, taken from a Joe R. Lansdale story, is left-field enough, and Coscarelli digs inside it and comes up with surprising moments of poignance and delicacy.

Consider the broken-down Elvis (Bruce Campbell), with hip problems that necessitate a walker, and a possibly cancerous growth on his penis. Or Jack Kennedy (Ossie Davis), who gets around okay sometimes, but is later seen using a wheelchair. These are very fragile heroes, and when the mummy shows up at the rest home, we are worried about Elvis and Jack in a way we wouldn't be about hale and hearty young heroes. When Elvis tumbles down a hill, we wince. And the first reel or so of what's being marketed as a fun and funky cult flick is about as depressing as anything you'll ever see: rest homes are no fun — people are left there to die, alone, and when they die they're callously tossed into a hearse. When was the last time you saw a raw and unblinking treatment of these places in a movie? How outrageous is it that we have to see it in a movie about Elvis vs. a mummy?

Relax, though: fun is in store, and Bruce Campbell's Elvis, viciously cynical in his obsolescence, keeps us entertained in his narration, grumbling about his lost greatness and, yes, his lost virility. Too much info, but dead-on funny. Elvis needs a purpose, and the mummy gives him one; he forges a bond with Jack, the only one who believes Elvis is really Elvis, and they work on a plan. (It involves fire, not a lot of CGI. In fact, *no* CGI. How low-budget was the movie? Put it this way — they didn't even have enough scratch to film a bus crashing off a bridge; Coscarelli gets around it with as much ingenuity as his heroes use against Bubba Ho-Tep.)

Elvis famously posed for a photo with Nixon, and pledged his services to that president as a DEA agent (while high on drugs at the time); and there's been some joking speculation (at least I *hope* it's not serious) that Elvis killed Kennedy. So it's fun to watch these two icons of the 20th century together, and the movie even winks at conspiracy theorists when Jack asks Elvis flat-out if he had anything to do with what happened in Dallas. (Jack's explanation for his appearance now? Best to let the film explain it.) We're given a not-too-implausible theory of how Elvis, sick of the fame and excess and hangers-on, might have switched places with an Elvis impersonator and doomed himself to more obscurity than he bargained for. I wouldn't have minded seeing Jimi, Janis, and/or Jim Morrison along for the ride, but I guess Coscarelli has to save something for the sequel, projected to be called *Bubba Nosferatu*.

Most of the movie is Elvis and Jack talking — Coscarelli clearly didn't have the time and money for too many shooting days involving Bubba Ho-Tep and his little scarabs (pulled along on charmingly obvious strings) — and Campbell and Davis have an easy rapport, playing the material absolutely straight, as if the two actors had decided over lunch that the premise was bizarre enough to deserve their utmost commitment and offbeat enough to need it. *Bubba Ho-Tep* is not the wacky camp-fest you'd expect; if it were anyone but Coscarelli, Campbell and Davis involved in this, I would've been wary of it. (I mean, 50 million Elvis fans may not be wrong, but 50 million Elvis parodies get old after a while.) It is, surprisingly, a meditation on aging and the place of the elderly and infirm in our society. Of course, it's also a horror-comedy with Elvis kicking mummy tail. After all these years — and 25 years after *Phantasm*, a movie that had nothing in common with any horror film before it, and which is still unlike any horror film after it (except for its own sequels) — Don Coscarelli still doesn't know how to make cookie-cutter genre films. Let's hope he never learns how.

# Book o' the Bay

By Kenneth J. Souza

[news@wanderer.com](mailto:news@wanderer.com)

• ***Buzzards Bay: A Journey of Discovery* by Daniel Sheldon Lee, 272 pages, \$24.95 cloth.**

Leave it to a journalist to capture those oft-overlooked details around us.

In this fascinating and long-overdue portrait of one of our greatest natural resources, author Daniel Sheldon Lee has focused his attention on what the United States government declared in 1984 as "the last pristine embayment on the East Coast of the United States."

Yes, that would be none other than our very own Buzzards Bay and in *Buzzards Bay: A Journey of Discovery*, Mr. Lee displays not only a writer's keen sense of appreciation and awe at this marvel of Mother Nature, but also a personal affinity and respect for a place he both valued and knew well growing up.

Unlike the Chesapeake and other bays near major areas, Buzzards Bay remains relatively unspoiled to this day and Lee, in his role as author and environmentalist, wants to keep it that way. His intimate familiarity with both sides of Buzzards Bay have led him to view it as a distinct place, not just an accidental expanse of water between Cape Cod and the east shore of New Bedford. Most importantly, Mr. Lee believes that developing a strong sense of place in the minds of those who live on Buzzards Bay is critical to ensuring its survival well into the future.

To that end, *Buzzards Bay* is peppered with personal tales and accounts of life on and around the water. What begins as a brief history of the region, starting with the Wampanoag Indians, eventually evolves into engaging recollections of people like Ian Nisbet, the Scottish scientist who has been restoring tern nesting sites around the bay for nearly 35 years; Marc Mello of the Lloyd Center, who hunts insects in the pine barrens at night and watches harbor seals by day; state biologist Steve Hurley, who stocks rainbow trout in ponds around the bay; lobsterman Henry Cebula, who retrieves traps aboard his vessel *the Sea Blitz*; biologist Richard Backus, who collects plant specimens on Penikese Island; and Bradford Tripp, who not only survived the notorious Hurricane Carol in 1954, but managed to rescue a group of children caught in the storm as well.

Like his colorful cast of characters, Lee can also

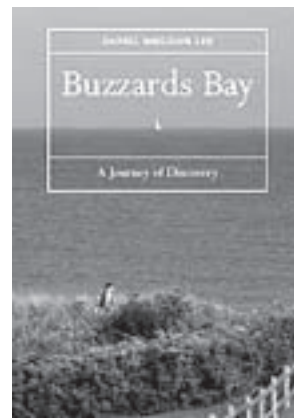

claim Buzzards Bay as a personal place where his family has summered for nearly 100 years — where as a child he could be found fishing for blues, filling a wire bucket with blue crabs, or watching harbor seals haul out to sun themselves on the rocks. Perhaps spurred to reaction by the devastating *Bouchard 120* oil barge spill in April of 2003, Lee felt compelled to document the importance of this sometimes fragile environment and its value to the communities which surround it.

The first book in recent memory to celebrate Buzzards Bay as a place of its own is a compelling collection of essays blending history and science with personal encounters and reflections, reminiscent of Paul Schneider's recent book on Cape Cod, *The Enduring Shore*. Local experts also weigh in from several known regional organizations including the Buzzards Bay Project (BBP), the Coalition for Buzzards Bay (CBB), the Lloyd Center for Environmental Studies, the Massachusetts Department of Fish and Game, the South Shore Office of the Massachusetts Division of Marine Fisheries (DMF), the Woods Hole Oceanographic Institute, and the Woods Hole Marine Biological Laboratory.

Lest you think the book a dry, academic read, rest assured Lee balances the ample doses of historical fact and environmental data with entertaining bits of local lore — one of the most intriguing involving his trip to Cuttyhunk Island (the "graveyard" of many a shipwreck including *The Wanderer*) to seek out the "supernatural" in the form of a little girl ghost in an old-fashioned white dress who was seen drifting along the shore as recently as the summer of 2003.

It's such stories which keep the mystique and spirit of places like Buzzards Bay alive and well — and books like *Buzzards Bay* that prove our bayside region is far more than just a summertime resort.

• Author Daniel Sheldon Lee will be signing copies of *Buzzards Bay: A Journey of Discovery* at The Bookstall in Marion on Saturday, June 12 at 10:00 am (508-748-1041) and on Saturday, June 24 at 10:30 am at Partners Village Store in Westport (508-636-2572).

"Ten years ago, UMass Dartmouth and the Town of Dartmouth broke new ground by creating a new community celebration of Independence Day — a spectacular Pops concert by the New Bedford Symphony Orchestra and a wonderful fireworks display," said UMass Dartmouth Chancellor Jean F. GEMINI (May 21 to June 20) Take advantage of new information that could help make your career transition easier. The weekend is a good time to re-establish relationships with people you haven't seen in a while.

CANCER (June 21 to July 22) Personal matters demand your attention as once-stable situations begin to shift. Quick action to shore things up is called for in order to avoid more problems down the line.

LEO (July 23 to August 22) Although your financial picture begins to brighten, "thrill" and "caution" are still the watchwords for fiscally astute Leos and Leonas to live by. Expect news about a family matter.

VIRGO (August 23 to September 22) Before you try to blame a colleague for a workplace problem, make sure you have the proof to back you up. Make some quiet inquiries on your own to try to solicit more information.

LIBRA (September 23 to October 22) Trying to cheer up a depressed friend or downcast family member can be difficult. But keep at it, and your efforts should soon pay off in ways you might have never expected.

SCORPIO (October 23 to November 21) Taking a new look at an old and frequently recurring problem might lead you to consider making some surprising changes in the way you had been handling it up till now.

SAGITTARIUS (November 22 to December 21) Despite what the naysayers might say, setting your sights on a new goal could be one of the smartest things the typically sagacious Sagittarian has done in a long time.

CAPRICORN (December 22 to January 19) Rebuilding an unraveling relationship won't be easy. But you can do it, if you really want to. Just remember to keep the lines of communication open between the two of you.

AQUARIUS (January 20 to February 18) A new friendship could develop into a close relationship. Meanwhile, reassure an old friend who might be feeling neglected that he or she is still an important part of your life.

PISCES (February 19 to March 20) You might be feeling that you're still in over your head as you continue trying to adjust to your new situation. But the pressures ease by week's end, giving you time to come up for air.

BORN THIS WEEK: You have a gift for sensing the feelings of others. You might consider a career in some aspect of counseling.

**Q. How often should I sweep my chimney?**

*A. The National Fire Protection Association recommends an annual inspection of each flue within the chimney. Most chimneys have two or more flues - one for the fireplace and one for the furnace. They all need to be inspected and swept if necessary. This is the best way to begin the heating season with the assurance that your chimney will perform as intended.*

Call to schedule an appointment for your inspection or visit our office and showroom in the Mattapoisett Industrial Park.
